REPORT OF AN AUDIT OF THE ACCOUNTS OF
THE TOWN OF HARWICH
FROM JANUARY 1, 1929 TO MARCH 15, 1930

THE COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Division of Accounts

State House, Boston, May 12, 1930.

To the Board of Selectmen
Mr. Charles T. Chase, Chairman
Harwich, Massachusetts

Gentlemen :

I submit herewith my report of an audit of the accounts of the town of Harwich for the period from Jan. 1, 1929 to March 15, 1930, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

Theodore N. Waddell,

Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston.

Sir :

As directed by you I have made an audit of the books and accounts of the town of Harwich for the period from January 1, 1929 to March 15, 1930, and submit the following report thereon :—

The books and accounts in the accounting department were examined and checked, the recorded receipts being

compared with the records of the several departments collecting money for the town and with the treasurer's cash book.

The ledger was analyzed, the necessary correcting and adjusting entries were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1929.

The books and accounts of the town treasurer, Henry K. Bearse, from January 1 to December 13, 1929, of E. W. Bascom, treasurer pro tempore from December 14, 1929 to February 3, 1930, and of the present treasurer from February 4 to March 15, 1930, were examined and checked. The receipts, as recorded on the cash book, were checked with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury. The recorded payments were checked with the warrants authorizing the treasurer to disburse town funds and with the accounting officer's books.

The cash balance was verified by an actual count of the cash in the office and by a reconciliation of a statement furnished by the Cape Cod Trust Company of Harwich.

The accounts of the tax collectors were examined and checked. The commitments of taxes were verified, and the receipts were compared with the payments to the treasurer. The abatements were listed and checked to the assessors' records of abatements granted, and the outstanding accounts were listed and compared with the accountant's ledger. The outstanding accounts were further proved by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The securities and savings bank books representing the investments of the trust funds were examined and listed. The income was proved and the disbursements were verified.

The debt and interest payments made during the

period of the audit were compared with the cancelled notes and checks on file.

It was noted in checking the trust funds that bequests received by the town have not been reflected in the treasurer's cash transactions, but have been invested by the treasurer without authorization. It is recommended that, in the future, all funds received be entered in the treasurer's cash book and invested only on authority of a selectmen's warrant.

It is also recommended that income from the Brooks Medal and the Cemetery Perpetual Care Funds be withdrawn and entered on the treasurer's cash book before any expenditures are made therefrom. The present method of making disbursements on account of trust funds from general cash and of subsequently reimbursing the treasury constitutes a violation of Section 31, Chapter 44, General Laws.

The surety bonds of the treasurer and tax collector were examined and found to be in proper form. The town clerk's bond, required by Section 13, Chapter 41, General Laws, was not on file.

The town clerk's records of sporting and of dog licenses were examined and checked, and the payments to the state, county, and town were verified.

The records of licenses issued by the selectmen, and also the records of town hall rentals, were incomplete and therefore did not lend themselves to proper audit. It is recommended that adequate records be kept in the future of all licenses granted, as well as of detailed charges and receipts from town hall rentals.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the library department were examined, the payments to the treasurer being verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and assessment accounts, together

with tables relative to the trust fund transactions.

For the co-operation received from the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

Edw. H. Fenton,

Chief Accountant

ANNUAL TOWN MEETING WARRANTFEBRUARY 2, 1931

Barnstable, ss.

To either of the Constables of the Town of Harwich
in said County

GREETINGS:—

In the name of the Commonwealth of Massachusetts,
you are hereby directed to notify and warn the Inhabitants
of said Town qualified to vote in Elections and Town affairs
to Meet in Exchange Hall in said Town on Monday, Feb.
2nd., 1931, at Nine O'clock A. M., then and there to act on
the following Articles:—

Article 1. To choose a Moderator to Act at said
Meeting.

Article 2. To choose on one ballot the following
Town Officers and Committees. Town Clerk, Town Treas-
urer for one year; one Selectman, Overseer of Public Wel-
fare and Board of Health, for three years; one Assessor for
three years; three Herring Committee for one year; one
School Committee for three years; three Constables for one
year; one Trustee of Brooks Library, for three years; one
Park Commissioner for three years.

Article 3. To choose all other necessary Town Offi-
cers and Committees.

Article 4. To see if the Town will vote to authorize
the Town Treasurer, with the approval of the Selectmen, to
borrow money in anticipation of the revenue of the currant
financial year, and act fully thereon.

Article 5. To hear the report of all Town Officers
and Committees for the year 1930.

Article 6. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

Article 7. To see if the Town will vote to Instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scollops within the Town limits as provided in Chap. 91, Section 85 and acts and amendments thereto of the revised laws of Massachusetts and to make any regulations in regard to such fisheries, as may be deemed expedient, and act fully thereon.

Article 8. To see if the Town will accept or reject as a Herring Brook the present outlet of Seamore Pond known as the Canal.

Article 9. To see if the Town will vote to reimburse the sum of \$166.81 dollars to Joseph B. Atkins, Cyrenia B. Clark and Alice M. Cahoon, expended for the new addition to the so called Canal Bridge.

Article 10. To see if the town will vote to raise and appropriate the sum of \$500. to harden with bituminous concrete (hot mix) the sidewalk at Harwichport, from Bank Street to Snow Inn road on the South side of the street and act fully thereon.

Article 11. To see if the Town will vote to raise and appropriate a sum not to exceed Five Hundred (\$500.) to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment in accordance with Section 74, of Chapter 111 of the General Laws, or take any action in relation thereto, and act full thereon.

Article 12. To see if the Town will vote to raise and appropriate the sum of Twenty-five hundred dollars to be used under the direction of the Selectmen for the promotion

of public recreation and amusement in the form of Baseball in accordance with legislative acts of 1930, Chapter 12, Section 1.

Article 13. To see if the Town will vote to appropriate a sum, not to exceed \$3,000. with which to purchase land for a Town Landing at Wychmere Harbor.

Article 14. To see if the town will vote to raise and appropriate the sum of Forty-one Dollars to place street names on both sides of street signs and act fully thereon.

Article 15. To see if the Town will vote to raise and appropriate the sum of Two hundred dollars for the Dredging of the enterance of Wychmere Harbor.

Article 16. To see if the Town will vote to raise and appropriate Three hundred Dollars for the purpose of purchasing a Snow Plow for Town use.

Article 17. To see if the Town will vote to transfer the Surplus War Bonus Account, standing on the Books, to the amount of \$1081. 45 to some appropriation for which it can be used.

Article 18. To see if the Town will vote to recind the vote of the year of 1928 whereby it was voted \$60. for land damage on new State road at South Harwich. \$100. land damage B. F. Bee road Harwichport. \$300. for Forest Patrol. \$75. for Milk Inspector and \$300. in year of 1929 for Kelley Lane Road Harwich, these amounts to be applied either to some appropriation for the year of 1931 or revert back to the Town Treasury.

Article 19. To see if the Town will vote to accept sections one, three, six and seven, and sections eleven to sixteen inclusive, of Chapter 142 G. L. and all amendments and additions thereto, said act being relative to the Supervision of plumbing.

Article 20. To see if the Town will vote to raise and appropriate the sum of (\$20.00) twenty dollars to furnish electricity for the beacon light on top of the Exchange building, and act fully thereon.

Article 21. To see if the Town will vote to raise and appropriate the sum of (\$2,000.00) two thousand dollars for the collection and disposal of the garbage and refuse in the congested sections of the town of Harwich during June, July, August and September and act fully thereon.

Article 22. To see if the Town will vote to raise and appropriate a sum of money not to exceed (\$1,000.00) one thousand dollars under the provisions of sub section 21 of Section 1 of Chapter 371 of the Acts of 1921 and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

Article 23. To see if the Town will vote to construct a bituminous concrete sidewalk on the west side of Bank street, in Harwichport, between Main street and Miles street, raise and appropriate a sufficient sum of money therefor and act fully thereon.

Article 24. To see if the Town will appropriate the sum of (\$600.00) Six Hundred Dollars for the purpose of continuing the hardening with Bituminus Concrete, the side walk on the North side of Main street, Harwich Port to the west as far as the appropriation goes and act fully thereon.

Article 25. To see if the Town will vote to instruct the Board of Selectmen to grant a license, or vote an expression of sentiment in favor of said Board of Selectmen granting a license, providing the Dept. of Public Safety of the Commonwealth of Massachusetts approves in writing the entertainment, or picture shows, for which said license is sought, to Carl Myshrall, or the proprietor of the Modern Theatre in Harwichport, to conduct moving pictures, or "talkies" so-called, one or both, on Sundays during a period of the year from June 1st to October 1st, to establish a license fee should the same be proper or legal; and to otherwise act fully thereon, this article contemplating an existing petition in writing already pending before said Board made by said Myshrall.

Article 26. To see if the Town will vote to instruct the Selectmen, to petition the Legislature, to establish and maintain a Water supply System, and to borrow money therefor, not to exceed Two Hundred Fifty Thousand Dollars (\$250,000.00) or take any action thereon.

Article 27. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.) for the re-construction of Sisson road so called, this work to come under Chap. 90 of the General Laws whereby the State appropriates \$12,000. the County \$6,000., and the Town \$12,000., and act fully thereon.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$1,200. for the construction of a Side Walk in West Harwich of the same Material as used last year, beginning at the Iron Bridge and going Easterly as far as the money will go.

Article 29. To see if the Town will vote to appropriate the sum (\$300.00) three hundred dollars for the benefit of the Harwich Port Library Association.

Article 30. To see if the Town will vote to appropriate the sum of Three Hundred (\$300.00) Dollars for the benefit of the Chase Library, West Harwich.

Article 31. To see if the Town will vote to instruct the Town officials and purchasing agents to buy from citizens of the Town of Harwich all materials and supplies so far as possible.

Article 32. To see if the Town will vote to raise and appropriate the sum of Three Hundred Ninety-two Dollars and six cents for Mosquito Control for the Year of 1930, under Chap. 379, Acts of 1930.

Article 33. To see if the Town will vote to raise and appropriate the sum of thirteen hundred ninety-two dollars and six cents for Mosquito control for the year of 1931 under Chap. 379, Acts of 1930 or any amendment there to.

Article 34. To see if the Town will appropriate a sum of money to establish and maintain Three Electric lights along the south end of Forrest Street.

Article 35. To see if the Town will vote to install and maintain one electric light at the intersection of Ayer Lane and Satucket Road, Ayer Lane.

Article 36. To see if the Town will vote the sum of \$41.00 to maintain four electric lights, starting at the corner of Pine Street, across Park Street to Ocean Ave. for twelve months in year.

Article 37. To see if the Town will vote to furnish and maintain electric lighting on the main Highway, beginning at a point at or near Post Office square, South Harwich, and continuing to a point at the intersection of said Highway and the old Highway.

Article 38. To see if the Town will vote to erect and maintain Three Electric Street lights on Oak Street between the residence of Mrs. Small and Jacob Phillips, and raise and appropriate a sufficient sum of money for the same.

Article 39. To see if the Town will vote to erect and maintain Two electric street lights on Orleans road so called between the residences of the late William Crapo and Isaiah Kelley, and raise and appropriate a sufficient sum of money for the same.

Article 40. To see if the Town will vote to raise and appropriate a sufficient sum of money to install and maintain Street lights on Chase Street, West Harwich.

Article 41. To see if the Town will vote to install and maintain Five Street lights on the Great Western road North Harwich, beginning at Depot road and extending Easterly to the residence of William S. Kennedys, and to raise and appropriate a sufficient sum of Money to defray the expense of the same.

Article 42. To see if the Town will vote to establish and maintain electric Street lights on Freeman Street, beginning at the Charles Burgess residence, (formerly Mr. J. Frank Small's Corner) to the residence of Clarkson P. Bearse.

Article 43. To see if the Town will vote to erect and maintain five electric Street lights on Lower County road Harwichport, beginning at the residence of Mrs. E. Allen Bassett and continueing westerly to the present light and to raise and appropriate a sufficient sum of money for the same.

Article 44. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain four (4) electric Street lights on Long road beginning at Bank street and running Easterly to the residence of F. O. Smith.

Article 45. To see if the Town will vote to raise and appropriate a sufficient sum of money to improve the Town road leading from the Hotel Belmont to the shore, to grade and harden with some suitable material, distance about two hundred and fifty feet, and act fully thereon.

Article 46. To see if the Town will vote to continue the construction of a side walk and curbing in Harwich Center, beginning on the west side of Bank street at the residence of M. E. Mulcay and extending in a southerly direction to a point beyond the residence of Carroll F. Doane and to raise and appropriate a sufficient sum of money therefor.

Article 47. To see if the Town will authorize the Selectmen to appoint a town accountant in accordance with the provisions of Section 55, Chapter 41, General Laws, and to abolish the office of town auditor; or take any action relative thereto.

Article 48. To see if the Town will vote to raise and appropriate the sum of eight hundred and fifty dollars (\$850.00) to build a sidewalk of bitimious concrete, or other suitable material, on the south side of Main street, in Harwich Center, beginning at the corner of School street and continuing westerly to the corner of South street; the unexpended balance of this appropriation if any to be expended on the north side of said street, beginning at the corner of Brewster road, so called, and continuing westerly. That the Superintendent of Streets have charge of this work and act fully thereon.

Article 49. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.) to harden with Oil, Long road, and to fix the approach at the Corner of Bank Street.

Article 50. To see if the Town will vote to raise and appropriate fifty dollars, for material to build a room upstairs in the Fire House, the work will be done by the Caretaker.

Article 51. To see if the Town will vote to raise and appropriate the sum of three hundred dollars to be used by Harwich Post American Legion as compensation, for quarters including rent, light, heat and general upkeep.

Article 52. To see if the Town will vote to raise and appropriate the sum of Five hundred dollars for the use of Harwich Post American Legion in the proper observance of Memorial day and Armistice day.

Article 53. To see if the Town will vote to accept Harbor View road so called near Wyndermere Bluffs, as laid out by plan of Katharine H. Rooney, recorded at Barnstable Registry of Deeds dated July 24, 1918.

Article 54. To see if the Town will appropriate a sum not to exceed \$50.00 for the removal of water trough and pump now situated on Pleasant Lake road at Main street.

Article 55. To see if the Town will vote to continue the construction of sidewalks in Harwich Center beginning at junction of Main and Oak streets and continueing North-erly by the Brooks Park on the Westerly side of said Oak street and running to the Chatham Railroad and to raise and appropriate a sum of money sufficient to pay for the same.

Article 56. To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.) for equipment for the Town Clerk, Treasurer and Accountants Office.

Article 57. To see if the Town will vote to raise and appropriate the sum of two hundred sixty dollars for a relief man at the Fire Station, for the year of 1931.

Article 58. To see if the Town will vote to raise and appropriate the sum of five thousand dollars for Jetty work with Stone, and Dredging at Allens Harbor, and ask the State to make an appropriation to be expended with same.

Article 59. To see if the Town will vote to raise and appropriate the sum of six hundred dollars for rip rap work on the Ocean Front on the east side of Allens Harbor, and ask the state to make an appropriation to go with same.

Article 60. To see if the Town will vote to accept as a gift to the Town a sufficient part of certain parcels of land in Harwich Center situated on the east side of Bank street from Francis P. Larkin and others; The same given for the purpose of eliminating the Curve construction of a Public highway on straight line and building side walk for Public purposes and use of the Town of Harwich and inhabitants thereof.

Article 61. To see if the town will vote to have a Committee of three appointed by the Moderator to investigate the possibilities of a consolidated High School with any or all of the Towns of Chatham, Orleans and Brewster,

that the sum of 200 dollars be appropriated to defray the expenses of the Committee and said Committee to report to a special Town Meeting if found desirable.

Article 62. To see if the Town will vote to raise and appropriate the sum of five hundred dollars to be expended by the Selectmen for the purpose of employing a Stenographer to assist in the Town Office when needed and act fully thereon.

ANNUAL REPORT OF THE SCHOOL COMMITTEE

The most important problem for consideration at the present time is the housing of the rapidly increasing number of pupils. In 1920 there were two hundred seventy-six pupils enrolled in our schools while this year we have four hundred sixty-four and the census shows an increase next year. That there are fifty-two pupils to advance from the Grades to the High School next year is an indication of advancement in the standard of the Grades.

The interest and spirit shown in the work at the High School the past year is worthy of mention. Mr. Pratt, our Superintendent though with us for a short time has grasped our situation and shown ability in helping solve some of our problems.

Our schools should be put on a single grade system and until they are, the best results cannot be attained.

Respectfully submitted,

Henry M. Small,
Ralph W. Doane,
Greace M. Fifield Nichols.

Mr. Small on leaving the Board on which he has faithfully served for nine years with interest and untiring efforts will be missed.

Ralph W. Doane
Grace M. Fifield Nichols

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of the Town of Harwich:

Herewith is submitted my first annual report as your Suprintendent of Schools.

The proper limitations of space in this report preclude the discussion of many of the varied problems pertaining to the schools. It would be very desirable to report conditions leading to the increase in transportation during this school year. Suffice it to say that at the present the Elementary schools of the Port and Center are combined in such fashion as to afford one grade per teacher above the second grade. Transportation facilities have been taxed to the limit in this change yet by the cooperation of parents the result has been achieved. Expressions of approval have been heard from many people . It would be a great improvement were the first and second grades allowed the same privilege.

The work of primary grades is fundamental and every opportunity for best results at this age should be sought.

CROWDED CONDITIONS

The most urgent problems are presented at this time by reason of crowded conditions of the schools and the poor condition in which we find the buildings. I would urge that the town take action to improve housing conditions at an early date. Not only are the buildings badly in need of exterior repairs and interior decoration but problems of water supply, drainage and toilet facilities are most acute. Though many children are transported, no provision has been made for the noon lunch.

Enrollment data is shown on a later page of this report. Let us here note that the total enrollment of Grades 1 to 12 as of October first was 464. This is an increase of

sixty-five over the enrollment of the same date a year ago.

Present indications point to an increase of at least thirty-five in the Junior-Senior High School next fall. The seventh grade may enroll as many as fifty members. The building is already filled to capacity. The largest room seats but thirty-five. What is to be done? Growth is seen in the elementary grades. It will be necessary to purchase seats for any future increase while the rooms are now filled to capacity.

BUILDING PROBLEM

It would seem unwise to expend further sums in the repair of present buildings. Considerable expense has been met during the last few years. We should recognize that our buildings are inadequate. Repairs and alterations will not suffice.

It is gratifying to note that there is a realization of the need of consolidation of schools.

While the total enrollment of our school is 464 we find only 122 in the Junior-Senior High. There is a marked drop as soon as the age of compulsory attendance is passed.

CONSOLIDATED HIGH SCHOOL

I wish you to consider the merits of a Junior-Senior High School formed in cooperation with the towns of Chatham and Orleans. Together these towns have an enrollment of over four hundred pupils in grades seven to twelve. Each town is now facing problems of adjustment. Neither alone has sufficient number to provide the variety of courses and specialized instruction found in the best schools of today.

Elementary consolidation could be achieved for the present in the two buildings at the Center if High School accommodations were provided elsewhere. I would recommend that Committees from the towns concerned investigate the project carefully with view to working out the details.

FINANCES

In the report of the State Department of Education for the year ending November 30, 1930 the following facts appear. One hundred twelve towns of the state of less than 5000 population maintain high schools. Of this group there were but nineteen which had greater valuation per pupil than Harwich. Of the same group there are but sixteen which spend less per child per thousand dollars valuation which they raise in local taxation. Thus it would appear that Harwich is well able to finance schools.

I have advocated a Junior-Senior High in cooperation with Chatham and Orleans. This is advisable for several reasons. It would be possible for these towns to finance this program with reasonable expenditure. Resources of over \$14,000,000 valuation would be able to provide the best. Classical, cultural and vocational classes would be of sufficient size to allow greater variety than a single town could maintain. Special teachers of these courses could be provided.

Laboratories, shops, library, lunchrooms, auditorium, gymnasium, athletic field and play ground would be incorporated at their best. Here among the beauties of the Cape can be developed a school system with all the attractions of the open country and with opportunities usually found only in a city.

There are many ways in which the financial obligations of the plan could be shared between the towns concerned. These should be investigated by the committee and understood by all concerned.

The details can be arranged if advantages are appreciated.

Distances are short. Roads are the best. Transportation is expedient. Climate is mild. The time for cooperation is at hand.

Respectfully submitted,

C. H. PRATT,

Superintendent of Schools.

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

The total enrollment in the High School to date shows a decided increase over those of the past two years. It is distributed as follows:

Grade 12	9
Grade 11	10
Grade 10	15
Grade 9	33
Grade 8	29
Grade 7	37
<hr/>	
Total	133

The percentage of attendance has been very satisfactory. The recent closing of school because of scarlet fever has reduced the record of the Junior High School somewhat, but on the whole, the children are in school when it is physically possible.

The average percentages of attendance for the first four months of this school year are:

Junior High School	92.89
Senior High School	95.14

The calendar year beginning January 1, 1930 has been a busy one in the life of the school. The extra curricular activities have been many and varied. These, open as they are to participation by all pupils who may desire it, offer an outlet to the energies and ideas of the pupils which is very advantageous. The results have more than justified the time and thought that they entail.

The play "The Girl Who Forgot" presented under the auspices of the class of 1930 was given in Exchange Hall before a large audience. The results of the dramatic

training given the pupils taking part were very evident, and expressions of approval have been frequently reiterated. Financially, also, the evening was successful, and about \$250 was added to the fund for the Washington trip.

On account of the irregular vacation period last spring, the Washington trip was taken earlier than usual. In spite of the hurried preparations for departure, and the uncertainty of accommodations, the Senior class enjoyed a fine trip. This educational adventure in travel to the Nation's Capital is, I think, an excellent climax to four years of hard study in our school.

For the second year in succession, Harwich has won the district high school spelling match. Our team showed itself superior to those of the other two schools. Miriam Baker '32 was the individual winner. If we win the contest this year we have permanent possession of the cup.

In the grade school spelling contest, sponsored by the New Bedford Standard, Mary Taylor, grade 8, was the local winner. In the sectional contest at New Bedford, Miss Taylor finished third. This is the best record made by any pupil of the Harwich schools.

An activity which was received with marked interest throughout the town was the resumption of the Prize Speaking Contest, after a lapse of many years. Nine speakers from the Senior High School, and Lois Abrahamsen, winner of the Junior High School contest, met in the final contest in Exchange Hall. All the orations were delivered in a satisfactory manner. The clearness of enunciation, the carrying qualities of the voice, and the ease of stage presence, spoke well for the quality of work which our pupils can do. Ralph Spear '31 won the first prize, Muriel Grant '30, the second, and Catherine Ryder '31, the third.

A larger and more inclusive edition of the school paper, "Oak Leaves" made its appearance in the late spring. The literary effort portrayed in this magazine was

very interesting and of a high grade. Miss Farnsworth, teacher of English, deserves a great deal of credit for the continued excellence of her pupils' writings. The publication of this volume is made possible through the financial support of friends of the school. I feel sure that the townspeople appreciate this cooperation.

The Baccalaureate service and the Graduating exercises of the class of 1930 were both inspirational and dignified. On Sunday, June 15, Rev. U. S. Davis, D. D. of the West Harwich Baptist Church, preached a strong sermon to the four members of the class. Friday evening, June 19, the Superintending School Committee, through Mr. Charles H. Pratt, its Superintendent, caused them to be graduated from the public schools of Harwich.

Entirely through the activities of the students themselves, we have purchased and installed a radio in the school. Every room is wired for radio reception, and through gifts from generous friends, a loud speaker is available in every room. The programs of the American School of the Air, the Damrosch concerts, and other broadcasts of national importance, are eagerly welcomed by the pupils. Their educational value as a teaching device is generally recognized.

Since the opening of school this fall, certain days have been designated for special attention. Constitution Day, in September, was observed in the classes in history under the direction of Mr. LeClaire. Special mention of historical significance was made in connection with Columbus Day, in October. In November, Education Week was observed by the entire school and the townspeople were invited to visit the school at its regular sessions. A general assembly of the Senior High School was held in observance of Armistice Day. Another general assembly of the entire school was held at the Christmas season. At this time another excellent program was presented by the pupils. These assemblies are held at the instigation of the student body: a fact which is very gratifying to me.

Six clubs have been formed in the school this fall. A 4-H Club for boys and another for girls have been organized in the seventh and eighth grades. Both these clubs are affiliated with the national organization, and come under the supervision of the county agent. In the four upper grades a dramatic club, a camera club, a commercial club, and an out-door club have been organized. This club movement is a new one in our school, and it has possibilities for the development of considerable student talent.

The school has been able to be of assistance to the Barnstable County Public Health Association in the matter of selling Christmas seals. Fifteen hundred seals were sold this year.

The Senior play, "A Prince To Order" by the class of 1931 was held earlier than usual this year. By doing this, we hope to be able to present a series of one-act plays later in the season. The aim for this is training in dramatics for a larger number of students.

The Harwich Woman's Club, through Mrs. A. C. Hardacker, its President, has come to the material assistance of the school in furnishing a rest room. The preliminary work of scraping, washing, and varnishing the floor was done by the Boys' 4-H Club. The furnishings, consisting of a couch, chair, table, rug, curtains, costumer, and mirror, have been installed. The room is now neat and attractive, and adds much to our equipment.

The Scriptures tell us "your sons and your daughters shall prophesy, and your young man shall see visions, and your old men shall dream dreams". I hope that it may be possible soon to arrange a series of classes in a definite program for physical education. Recognizing the existence of such a need, the departments of Education of Massachusetts, and of other states, have done considerable work in preparing such a program. Of course, additional floor space is essential for such a project. It isn't available in the school, but perhaps Exchange Hall could be used for this purpose.

I hope that we may be able to include in our course of study a class in social ethics, or auditorium. There are phases of social life and social contact that may be taught properly in the schools. The school cannot and does not attempt to take the place of the home training, but the social consciousness of the individual in the larger group may be better developed in the school.

Some day I hope that it will be possible to do away entirely with home study, which we now recognize as a somewhat necessary evil. It can not be done arbitrarily, but must be the result of changes in the methods of the day's program.

Perhaps a longer school day, with a supervised study period in connection with every recitation period, is the solution.

Perhaps a change in instructional methods and presentation of material is the solution. Some educators recommend that the subject matter be presented in the form of problems, the answers to be determined individually by the pupils.

I hope to be able to try some of the new methods of instruction in certain classes during this school year.

Respectfully submitted,

PAUL A. MORRIS,

Principal.

Harwich, Massachusetts, December 31, 1930

REPORT OF THE SUPERVISOR OF DRAWING

PERSEVERANCE

We must not hope to be mowers,
And to gather the ripe gold ears,
Unless we have first been sowers,
And watered the furrows with tears,

It's not just as we take it,
This mystical world of ours,
Life's field will yield as we make it
A harvest of thorns or of flowers.

J. W. G.

Drawing is, as we all know, a required part of the school curriculum through the eighth year, then those who have ability or a liking for the subject continue hoping someday to become artists or art teachers.

In the scribble stage, the child is learning to manipulate his pencil or crayon. The child's first attempts to express himself are very crude and one generally needs to have an explanation of the symbol to know what the child is trying to tell. In most cases a circle with a few lines attached represents a person. Animals, birds and plants are represented in much the same way. From this stage, the child passes into the truth telling period, where he tries to draw things as he sees them. In this he can be assisted by being asked questions as to the size, color and proportions of the object.

In general we can divide drawing into three classes, as design, representation and construction.

The aim of design is to have the child see and feel the difference between order and disorder, and appreciate the value and importance of order; to develop the love of order and, so far as possible, the sense of beauty.

To develop visual discrimination, memory and imagination, together with an ability to describe visual experience and to express visual knowledge and ideas is the aim of representation.

In construction, the aim is to have the child learn how to follow given dimensions or directions and to use his hands.

Every year the Massachusetts Society for the Prevention of Cruelty to Animals has a poster contest and the awards for best work consist of a blue ribbon for first, and a red ribbon for second prize attached to a bronze medal. The third prize or honorable mention award is one year's subscription to "Our Dumb Animals" which is a magazine published by the Society. Many awards were won by the pupils last spring not only in the grades, but the high school as well. I hope that there will be an equal amount of interest and talent shown in the coming contest and that we may have an even greater number of prizes.

There are other contests coming, in which we may have an interest shown by all pupils, especially by the high school.

Crafts work has been enjoyed by the pupils. Many of them having made pocketbooks, billfolds, belts, bookmarks and looseleaf notebook covers of tooled leather; pendants and beads of clay which were painted and shellaced; and wall hangings or pillow covers having designs either stencilled or drawn in freehand, then colored with crayons.

I wish to express my appreciation for the co-operation I have received from all teachers.

Respectfully submitted,

Lois Gebhard,

Supervisor of Drawing.

REPORT OF MUSIC SUPERVISOR

“Music is the universal language of mankind.”

Longfellow.

Music is God's greatest gift to mankind. It rules the Universe. Music, most divine of all the Arts, contributes directly to the threefold training of the child—manual, mental, and moral development—because it, more than any other study, develops hand, head, and heart; and body, mind, and soul.

Like other educational studies music is undergoing a constant change since new methods are gradually replacing the old ones. It has been the aim this year to have more concentrated and individual instruction, and to inculcate an appreciation and understanding of good music. Where the ability existed classes were formed for special instructions—examples of this may be found in the Rhythm Bands in the primary grades of all the Harwich schools, and the Harmonica Bands in the North Harwich and West Harwich schools.

All assistance possible has been given Mr. Nassi while he has been conducting the Instrumental Classes and the Orchestra. Had it not been for the Instrumental Classes many of the children who possessed musical talent but could not afford the luxury of private lessons would have been compelled to go music-hungry through life.

Music, properly presented to children, is one of the most fascinating and most enjoyable forms of self-entertainment, for music makes pleasure of leisure. When children can make music themselves, it is doubly valuable to them because it becomes a means of self-expression. We are not concerned with what children will do in music so much as we are with what music may do in children.

“Music is the only Art that actually lives. Her elements, vibration and palpitation, are the elements of Life itself. Wherever Life is, Music is also; stealthy, inaudible, unrecognized, yet mighty.”

Paderewski.

There's Music in the sighing of a reed;
There's Music in the gushing of a rill;
There's Music in all things, if men had ears:
Their earth is but an echo of the sphere.

Byron.

Respectfully submitted,

Selma I. Nettle,

Supervisor of Music.

REPORT OF SUPERVISOR OF INSTRUMENTAL MUSIC

There are twenty-four pupils taking instrumental music instruction. Of these eighteen are already members of the School Orchestra which is making notable progress this year. The members of the Orchestra show a great enthusiasm in their work and the results are very gratifying.

The local concert given this year at the Harwichport Library was a success and parents as well as the other invited guests were well pleased.

Plans are already made for the annual Monomausett Concert at the Exchange Hall, which when given last year was pronounced the greatest musical event in the town.

The most notable musical event of this year on the Cape, is anticipated when the Cape Cod School Symphony Orchestra gives its concerts at Harwich. Sandwich, Falmouth and Hyannis, successively. This eighty-five piece Orchestra is formed from the cream of the musicians of the Cape Cod Schools and Harwich is well represented.

I am indebted to Mr. Morris and Mrs. Sylvia as well as to all the other teachers for their cooperation in my work and I take this opportunity to express my thanks to them.

Respectfully submitted,

Thomas Nassi.

REPORT OF SCHOOL NURSE

“The building of a perfect body crowned by a perfect brain is at once the greatest earthly problem and the grandest hope of the race. —Die Lewis.

He who helps a child helps humanity with a distinctness, with an immediateness which no other help given to human creatures in any stage of their human life can give. Health is fashionable now: it will soon be contagious. Thinking citizens are becoming interested in biological, physiological and sanitary science, not as such, but in their practical application as prevention against disease.

During our past school year considerable progress has been made in connection with modern health activities for the children.

In the early spring a pre-school health clinic was held. The purpose of this clinic is the examination of the children who are to enter school in the fall, and correction of any defects found before the fall term begins. At this clinic thirty-five children registered and were examined by Dr. Saunders of the Massachusetts State Health Department.

During the month of May a school dental clinic was held allowing all children in the Primary Grades who could not go to their own family dentist to have their teeth cared for at as reasonable a rate as possible in the schools. Statistical report of the dental clinic is as follows:

Children cared for at clinic	123
Fillings	401
Extractions	107

This clinic was financed by the Visiting Nurse Association, and shows an increase over the previous year when only twenty children were cared for in emergency dental work.

The children of the Harwich schools presented a May Health Day Program, the proceeds of which were used as a Milk Fund for the school children. To this fund the Harwich Grange donated ten dollars, which makes the amount equal to buying one thousand nine hundred and fifty-seven bottles of milk. The children receiving this would otherwise not have the milk.

Five school children spent the summer at camp in Pocasset.

A combined effort is being made to follow up all absent children. Thus assuring proper home supervision if they are ill, and safe guarding the health of the children in school.

School visits are listed as follows:

School visits during year	229
Follow up visits to the home	284

“To cure is the voice of the past, to prevent the divine whisper of today.” —Kate Douglas Wiggin.

Respectfully submitted,

Myrtle M. Hudson, R. N.

School Nurse.

REPORT OF SCHOOL PHYSICIANS

To the Superintendent of Schools,
and to the School Committee of Harwich:

Your School Physicians would make the following report of the conditions relating to the health of the pupils in your charge.

During the present session of schools in this town we have been so unfortunate as to have a few cases of Scarlet Fever and Diphtheria break out and it is hoped that it will be possible to control its spread. To date we feel much encouraged with results.

Scarlet Fever made its appearance November thirteen and since that date we have had some sixteen cases. While we expect the Board of Health, School Physicians and School Nurse to lead the fight in trying to prevent an epidemic, their united efforts are often defeated by careless parents. Half of these cases were not detected until the children appeared in school in the "peeling stage". The chief reason for withholding the information that would give us an early diagnosis and the best possible protection for the other children is the fear of a four to six weeks quarantine. Scarlet Fever is a very contagious disease, very easy to catch, difficult to cure. We have an efficient antitoxin for the treatment of the disease and the Dick Test which will tell us who are liable to take it. Because it has been moderately mild is our good fortune, but proper precautions should be taken as it may spread to others who may get it very severely. The heart, kidneys and ears are often seriously damaged by the disease.

The Diphtheria cases have been confined to three families and only in one of these has there been more than one case. One family has come through and is now ready

for release from quarantine. The other two are doing nicely and are all well but the cultures still come through from the State Department of Health with negative and positive cultures in alternation. This condition is often noticed and sometimes it takes quite a time to get the two negative reports that are required by the State before release can take place.

We know of no better thought to leave with the parents after years of experience in the schools than this.
IN ORDER TO KEEP YOUR CHILDREN WELL YOU
MUST HELP TO KEEP THE OTHER PEOPLES CHILDREN WELL.

A few cases of impetigo as well as a few scabies cases have been noted and are mostly cleared up. With the co-operation of the parents these are usually of short duration.

Otherwise our schools show considerable improvement from a health point of view from year to year.

Respectfully submitted,

John P. Nickerson, M. D.

H. D. Handy, M. D.

School Physicians.

Cantata	Caravan High School Chorus
Presentation of Prizes and Diplomas	Charles H. Pratt, Supt. of Schools
Benediction	Rev. Walter M. Stone

The Cantata

"Caravan" is the story of the first day's journey by camel-train across the great Arabian desert.

It begins with the Call to the Caravan sounding through the city bazaars, following which the caravan is shown making ready. Suddenly in the bustle of preparations, is heard the Song of the Slaves, answered in turn by the exhortations of overseers and impatient travelers. There follows the stirring Song of the Guard as it forms

at the head of the procession, giving way in turn to a Song of Farewell by those remaining behind. Everything having been made ready the caravan sets forth to the stolid rhythm of the swaying camels.

Eventually the caravan finds itself approaching an Oasis whose gently waving palms send a welcome greeting to the weary travelers. As twilight falls the oasis is reached, the guard posted and the evening prayer to Allah intoned by the Arabians. Hardly is this prayer finished when a roving band of Bedouins attempts a surprise attack on the oasis. They are repulsed by the guard, sentinels sound the "all's well" and peace settles over the camp. A song to the Moon heralds the rising Queen of Night.

A short instrumental Nocturne marks the passing of darkness.

At dawn the caravan begins the journey of the second day, the procession moving forward to a resounding martial chorus.
